

Maximize your Medicare Incentives

Add revenue now ... collect incentives later

The government stimulus package has allocated \$19 billion worth of incentives for healthcare providers who implement Electronic Medical Records (EMR's) into their practice.

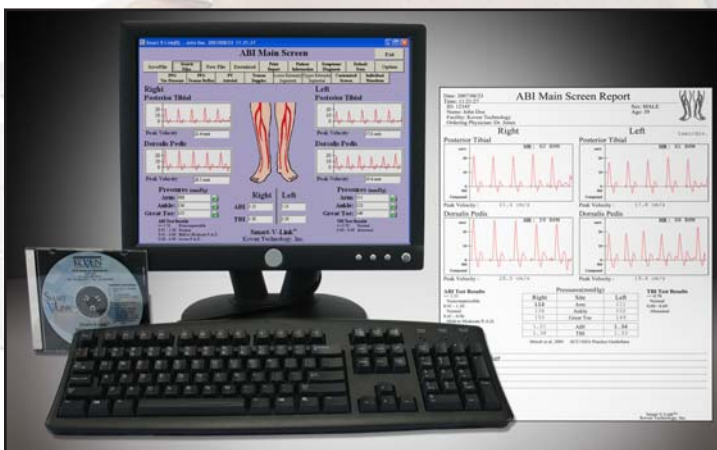

Make sure your practice is ready. Set up your vascular EMR today by purchasing a Smartdop® 45 Doppler with Smart-V-Link® Vascular Testing Software.

Add revenue to your practice today by performing reimbursable vascular studies for PAD assessment and be sure to receive your maximum medicare incentives in the future.

- **Fully customizable - choose only the options & accessories to meet the specific needs of your facility**
- **Unique, real-time waveform LCD - displays the waveform before printing**
- **30 waveform memory storage - save waveforms to view later or download to Smart-V-Link® software**
- **Automatic gain and baseline control - no manual adjustments are required**
- **Waveform strip generated for immediate documentation for reimbursement**
- **PPG and PV modules available for expanded testing capabilities**

Call 800-521-8342 or speak to a sales representative at our booth to learn about special pricing on Smartdop® 45 with Smart-V-Link® software through August 31, 2009.

Smart-V-Link® Vascular Testing Software runs on any Windows XP or Vista computer and allows for easy implementation of EMR's for vascular testing
